We were blessed with Saman Shrutpragyaji's visit to the San Francisco Bay area and Greater Sacramento area from May 2 - May 15, 2022. During his visit, Samanji conducted a shibir in Fremont, discourses in Sacramento, and several 1:1 meetings with his followers.

The 3-day Shibir in Fremont was focused on Meditation where he explained the true purpose of meditation, the importance, and how to meditate. The sessions also included actual practice of meditation. As always, all the participants enjoyed these lively sessions and gained valuable insights.

We are very thankful to Samanji for visiting the San Francisco Bay area and sharing his deep knowledge and experience in how to live a meaningful life with spirituality.

# Samanji's Trip To Cincinnati-Dayton Jain Center

Throughout the week Samanji visited many homes, including the home of a long time member of the Jain Center, Chanchal Jain. who actually passed after Samanji had visited and provided his blessings. He visited 4 different families within the week, each family was blessed with the opportunity to do Gochari, and to ask questions to Samanji in a more private setting. Each family felt how uplifting it was to have Samanji's presence in their home.

On Friday, May 19th Samanji had Satsang with the women of Hindu Women's Network with their spouses. There were a total of 22 people. It was held at the home of Ashwin and Kalpana Parekh, and he spoke about the "Power of Seva" on our souls and lives. It was an extremely encouraging lecture, leaving everyone feeling inspired to practice even more seva.

On Saturday, May 20th, Samanji held a Shibir for 77 devotees. The topic was all about "Karma and beyond Karma". Samanji empowered everyone in the room with the message that we have way more power over our lives than we know, and because of that we can't just blame or put it on Karma. He challenged everyone to look at their lives from a completely new perspective.

And finally on Sunday May 21st Samanji held another Shibir for 103 devotees. In this lecture Samanji spoke about the "4 Spiritual Pillars", which are Sadhana, Swadyay, Introspection, and Meditation. He shared how to incorporate the 4 Spiritual Pillars into everyday life with practical tips. Samanji has a unique gift of being able to impart knowledge that really hits the heart, and gets people into action to connect more with their spiritual world.

## Virginia, VA trip

Jain families in Virginia were blessed with Samanji's presence from May 23rd to May 27th. The Pravachan on four pillars of spirituality started with advice that the most important in life is knowing your Purpose. One cannot start on any path without first knowing where he "Going" or what he "Pursueing".

He stressed the importance of Satsang, Swadhyay, Self Introspection and Dhyan (Meditation) in one's life to start their Adyitamik Yatra.

He inspired the families to understand that by following these principles will lead to "Seva" which automatically come due to one getting the feeling of "Karuna".

He was also able to do discourse with numerous VA families and give Labh of Gochari to Meera Fatechand Shah and Saroj Mahendra Shah. Thank you Alpa Shah for hosting Samanji's Pravachans and supporting for his Canada visa.

## Greenville, SC

May 27-29, 2023

Samanji received a warm welcome by Ashok and Chanchala Jain, and their three children to their home in Greenville, SC for gauchari, and to conduct satsang and a Q&A session on practical advice for daily living. The Jain family sought Samanji's thoughts on the quote, "Karma said, sometimes you have to suffer

in life not because you were bad, but because you didn't realize where and when to stop being good." Swamiji explained that it is important to set boundaries as offering continuous support and help can set the wrong expectations and promote dependence. The children, Roopal, Poonam, and Nikhil arranged flight reservations, provided technical support, and transportation, respectively.

Samanji was also invited by Surendra and Neeli Jain to their home. Their daughter, Shamini, an "international energy healer" asked about antahkarana. Samanji explained that whatever we learn from society, parents, culture, environment, i.e., our teachings lead to antahkarana. Additionally, our original insight without any outer conditionings is the true inner voice.
